

Corrigendum

Corrigendum: Wastewater-based genomic surveillance of SARS-CoV-2 in vulnerable communities in Mumbai

In the article, “Wastewater-based genomic surveillance of SARS-CoV-2 in vulnerable communities in Mumbai”, published on pages 570-577, Issue 6, Volume 160 in Indian Journal of Medical Research¹, the following acknowledgment section was inadvertently missed by the authors.

Acknowledgment: Authors express sincere gratitude to Dr. Mangala Gomare, Executive Health Officer (retd.), Municipal Corporation of Greater Mumbai (MCGM) for providing approval for collection of wastewater samples. Mr. Nilesh Shahasane is acknowledged for diligently collecting the wastewater samples. Additionally, we extend our appreciation to Dr. Farah Ishtiaq and Dr. Uma Ramakrishnan for their valuable inputs in devising the sample collection strategy and for the validation of our data analyses plan. Authors also extend their gratitude to Dr. AneeshKumar A.G. from National Institute of Immunology (NII) for his invaluable contribution in sequencing the samples.
